

MiniTec

THE ART OF SIMPLICITY

Warehouse Operative

MiniTec UK provides businesses with bespoke industrial solutions using the MiniTec aluminium profile solution, complementing facilities around the world.

Our UK operation provides complete design and specialised manufacturing to a wide range of clients across the country and with over 300 employees around the world and ISO 9001 certification, we work with global brands to help ensure efficiency in their business processes.

Due to continued expansion, we are currently seeking a Warehouse / Stores Operative to join our Basingstoke team
